Dear Mr. Drake,

Over the past year, your employees at CBS have always treated us with courtesy, respect, and friendliness. They have been very responsive to our questions and our needs for supplies. We have been extremely pleased with the response time and efficiency when we have encountered a problem with our copier.

We are very happy with our purchase from CBS, and although we are just a small business; it is nice to be treated like we are one of the big boys!

Sincerely,

Sherrie Brown
